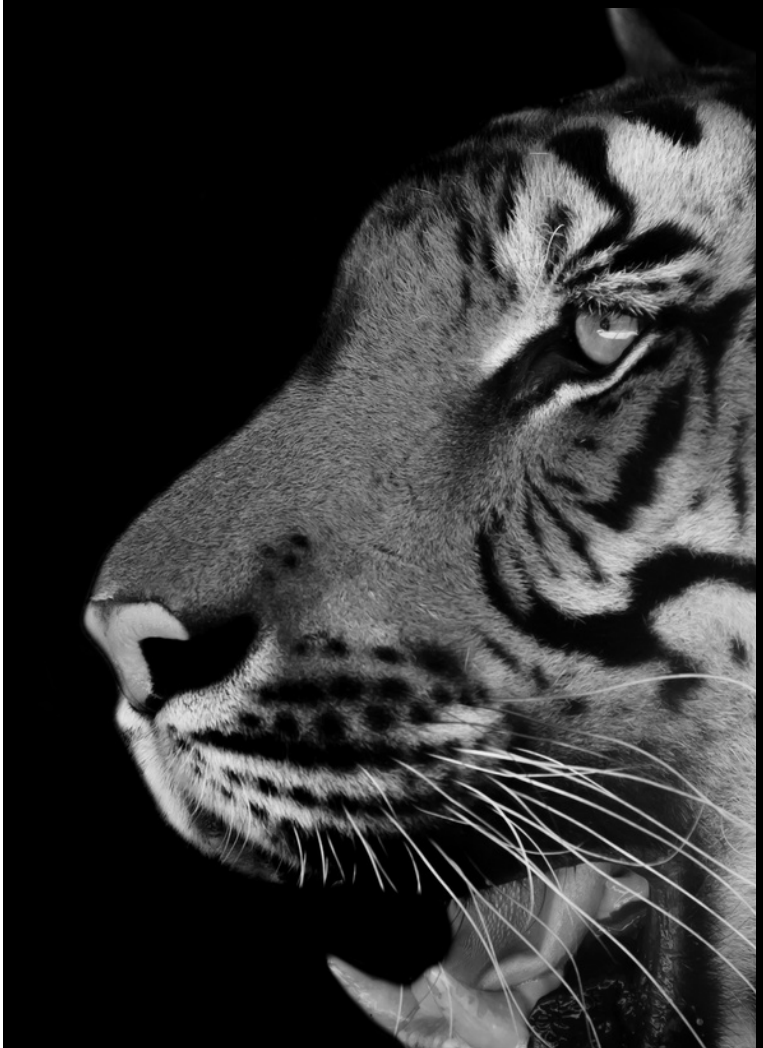
What to expect this school year

FROM COACH PARISH

"I expect and desire great things for Ethel High School aka Harvard on the Hill. I expect us to be one of the best, highest achieving, and most inspirational schools in the state. I expect a successful school year and by successful I mean, a complete year where our students, teachers, coaches, staff, and administrators strive daily to be better than we were yesterday. If we view each day as a canvas and we each strive to paint or create a Masterpiece daily, then the "sky is the limit" for Ethel High School."



Positive Outlooks

FROM COACH PARISH

"Ethel is an ever evolving and growing institution of higher learning, and I have had the privilege of working here for 18 years and attending high school here as well. Through the years, I have had the opportunity to work beside and learn from some of the best educators in the business. It has been sad to see some move on and/or retire, but it has been a blessing to learn from each of them."

MRS. SKIDMORE

THE TIGER TIMES

MEET THE STAFF

MEET THE STAFF: MRS. SKIDMORE

Mrs. Skidmore is a new addition to the staff of Ethel High School. She teaches 7th and 8th grade math. Mrs. Skidmore made the decision to come to Ethel because she heard amazing things about both the staff and the students and she wanted to become a part of it. Something she is looking forward to in the school year is getting to know her students and their personalities.

Mrs. Skidmore plans to impact her students by showing them how to have fun with their schoolwork while also learning and growing. Her inspiration behind becoming a teacher is her parents, who have both taught for more than 40 years. When asked of her impressions of Ethel, Mrs. Skidmore responded that, “You guys are simply the best!”. In her spare time, she enjoys gardening, raising chickens, and going on walks. She also spends her time playing softball with her children.

JR. HIGH volleyball

PLAYER OF THE WEEK: KATHERINE MCCULLER

“I have grown a lot as a player. When I first joined, I knew nothing about the game; however, thanks to the coach and players for being so helpful, I have learned a lot and am so excited to play every day. I enjoy playing defense because I get to be in the middle of the action and defend the court, so my teammates have a chance to score. I pray to God that he watches over my teammates and I.“

-Katherine

HIGHSCHOOL VOLLEYBALL

Most all our Players will have a big role this year. Some will score a little more, but each Pass and set is just as important as the spike. We have a bunch of girls that will do the extra to be successful so I'm looking forward to another great season and a chance to represent Ethel in the 2022 Volleyball state Playoffs. - Coach Schuster

player of the week
macee sisson

Macee's favorite Part of volleyball is the fast Paced routine. She Plans to be the best defense Player and blocker that she can be. She says that "Attitude is the key to a successful team and teammate."

JR HIGH FOOTBALL

Player of the week- Taylon May

"Taylon has stood out to me this summer and early in fall with his attendance, attitude, and effort. I am expecting Taylon to have productive seasons and help the Ethel Tigers achieve a winning record."

Coach Smith

First Game: August 22,2022 at French Camp @ 6:00

HIGH SCHOOL FOOTBALL

PLAYER OF THE WEEK- ANTON CLARK

“I was a very active child that needed to burn some energy, so my father came to the conclusion that he and my mother should sign me up for football. On the offensive side of the ball, the best way to be successful is to give 100% every snap and to spot the opposing team’s defense adjustments and relay those adjustments to Coach Smith. Also, on the defensive side, not only am I checking to make sure I’m in the right spot, but I’m also checking to see if my teammates are in their correct spots as well. What motivates me to work hard is that football is my favorite sport ,and if I continue to grind, it could potentially be my profession.“

cheer

SENIOR LOTUS EDWARDS

"I WANTED TO JOIN THE CHEER TEAM BECAUSE A LOT OF MY FRIENDS WERE ON THE TEAM, AND EVER SINCE THEN I HAVE ABSOLUTELY FALLEN IN LOVE WITH CHEER. THIS YEAR WILL BE MY FOURTH YEAR ON THE VARSITY CHEER TEAM, AND IT'S SAFE TO SAY THAT I HAVE ENJOYED EVERY SINGLE YEAR TO THE LAST SECOND. I HAVE DEFINITELY IMPROVED A LOT OVER THE YEARS WITH THE HELP OF THE PAST SENIOR CHEERLEADERS, AND THANKS TO THE OUTSIDERS MRS. FANCHER BRINGS IN, MY STUNTS HAVE IMPROVED EXPONENTIALLY. WITH THIS BEING MY LAST YEAR TO CHEER WITH THESE GIRLS, IT IS EXTREMELY BITTERSWEET. IT WILL DEFINITELY BE HARD TO LEAVE MOST OF THESE GIRLS, AND ESPECIALLY MRS. FANCHER. EVEN THOUGH IT'S MY LAST YEAR, I'M SO GRATEFUL THAT I HAD THE OPPORTUNITY TO CHEER FOR THE ETHEL TIGERS!"

CROSS COUNTRY

"Our runners get ready by training/running on different inclines and declines at different distances to stimulate running a real race. I expect my runners to find their limit and then push themselves each and everyday whether at practice or during a race to exceed their own limit. My biggest challenge is helping my runners understand what their true limit is. Most of my runners, as most other people, do not know what their limits are, so for me as a coach to get a runner to find their limit and push it is a huge challenge. I evaluate success in Cross Country as an individual growing as a person and an athlete. One without the other will not carry them anywhere in life. Another way I evaluate success is by asking them one question, did you give it your best?'" -Coach Whitten

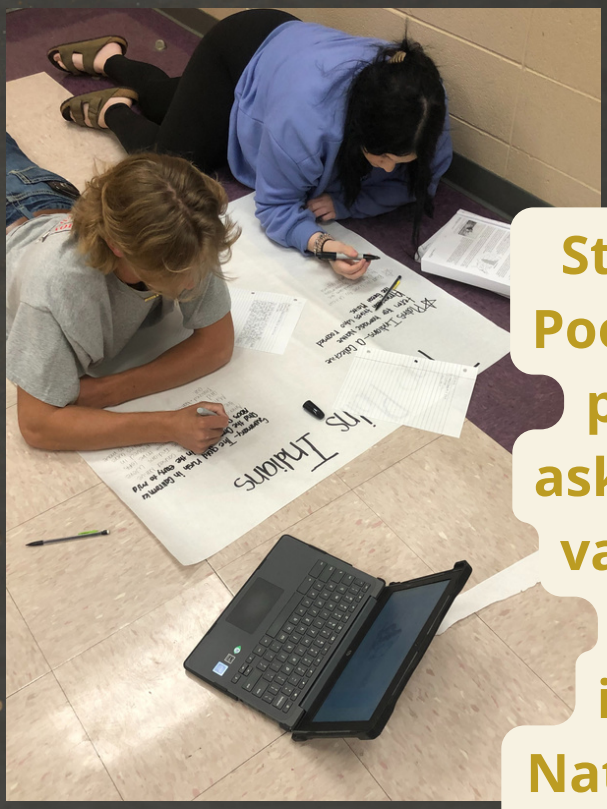
Upcoming Events: Cross Country August 27th

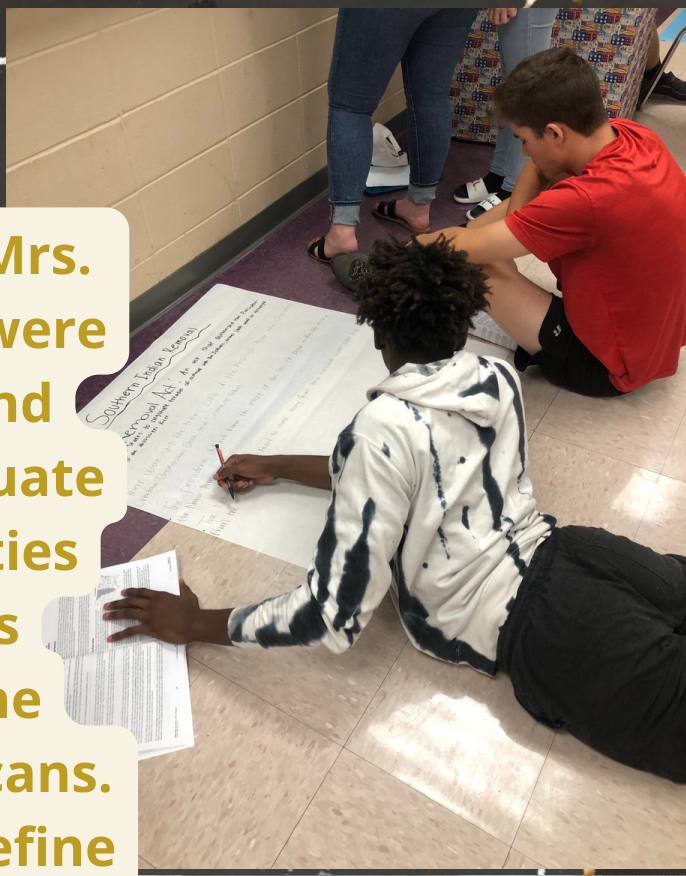
Front Row: Addy Newman, Meredith Moudy, Jasmine Williamson, Avril Albia, Sadee Cummins, Brylee May, Eli Hill
Back Row: Karli Fortenberry, Hayden Watson, Cooper McDaniel, Halea Ferguson, and Hannah Ferguson

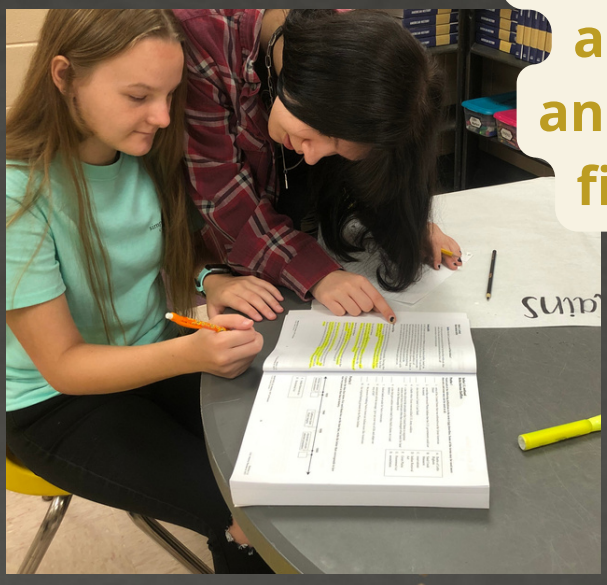
Tigers In Action

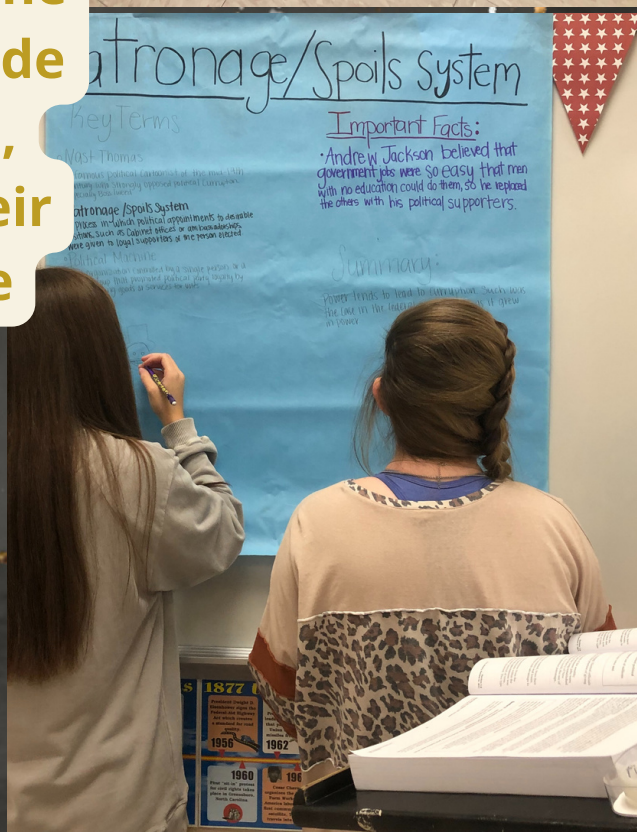
In Coach Schuster's government class, students made a PowerPoint on a historical person who was significant to U.S. government

Tigers in Action









Students in Mrs. Poole's class were paired up and asked to evaluate various treaties and battles involving the Native Americans. They had to define key terms, include an illustration, and present their findings to the class.
